
2026 STEM Student Achievements

(in competitions organised by the Asian Gifted Education Association)

Junior Secondary – secondary school level

Senior Secondary – JC/high school level

2025 Asian Youth Earth Science Olympiad

Jerren Tiang Jia He	Champion Award (Junior Secondary)	3 Flourish	Top 4-10%
---------------------	--------------------------------------	------------	-----------

2025 Asian Youth Astronomy Olympiad

Chong Zhong Wei	Champion Award (Junior Secondary)	4 Flourish	Top 4-10%
-----------------	--------------------------------------	------------	-----------

Champion Award is provided to the top 4-10% of participants who came from different countries like China, Hong Kong, Thailand, Malaysia and Indonesia.

2026 International Joint Schools Mathematics Competition

*The competition uses mathematics as a bridge to connect elite students from worldwide, providing a comprehensive assessment of mathematical ability. Participants progress from **skillfully deconstructing fundamental problems** to **innovatively constructing solutions**, each step of the process deeply hones analytical thinking.*

2026 Asian Youth Physics Olympiad

It serves as a comprehensive assessment of an individual's foundational knowledge and problem-solving abilities in physics, while also aiming to identify and nurture talented youths at an early stage.

The poster features a white central panel with a physics background. At the top right, the equation $G = mg$ is written on a green chalkboard. The main title is "2026 亞洲物理奧林匹克 PHYSICS OLYMPIAD". Below the title are three icons: a globe with a Wi-Fi symbol for "International Online Competition", a school building for "Kindergarten 幼兒組, Primary 小學組, Secondary 中學組", and a notepad with a pen for "Free Registration". At the bottom, it states "截止 Deadline 14 Jan 2026" and "www.asiangifted.org" next to the "ASIAN GIFTED EDUCATION ASSOCIATION" logo.

2026 Asia International Mathematical Olympiad

Anchored in the IB Mathematics curriculum, the competition comprehensively assesses integrated mathematical knowledge and problem-solving abilities. From flexibly deconstructing foundational problem types to innovatively constructing solution strategies, every step of calculation is a profound forging of the intellect.

The poster features a background of mathematical symbols and diagrams. At the top left is the logo for the Asian Gifted Education Association, which consists of an orange graduation cap icon above the text "ASIAN GIFTED EDUCATION ASSOCIATION". To the right of this logo is the Chinese title "亞洲國際數學奧林匹克" in a stylized font. Below the Chinese title is the word "MATH" in large, white, serif capital letters, each letter contained within a blue square. Underneath "MATH" is the English title "2026 Asia International Mathematical Olympiad International Online Competition". Below this is the text "Open For Kindergarten, Primary, Secondary" followed by its Chinese equivalent "幼兒組 小學組 中學組 | 國際線上競賽". A large blue arrow points to the left, with the number "5" and the text "截止 Deadline Mar2026". Below this is a blue button with the text "Free Register 免費報名" and the website "www.asiangifted.org". On the right side, there is a blue circular badge with the text "FREE PARTICIPATION 免費報名".

2026 Asian Youth Integrated Science Olympiad

2026 Asian Youth Integrated Science Olympiad is open to primary and secondary school students worldwide, aiming to explore the essence of science and stimulate teenagers' holistic understanding and deep integration capabilities in the field of science. The competition is framed within the international IB curriculum, comprehensively assessing the knowledge integration abilities in core subjects such as physics, chemistry, biology, and earth sciences. It seeks to expand international perspectives through practices that transcend disciplinary boundaries, preparing participants to meet future global scientific challenges.

2026 Asian Youth Integrated Science Olympiad

Lim Jin Quan	Champion Award (Junior Secondary)	3 Responsibility	<i>Top 4-10%</i>
Veron Henry Pinto	Champion Award (Junior Secondary)	3 Flourish	<i>Top 4-10%</i>

Champion Award is provided to the top 4-10% of participants who came from different countries like China, Hong Kong, Macau, Malaysia and Thailand.

2026 Asian Youth Natural Science Olympiad

2026 Asian Youth Natural Science Olympiad is one of Asia's most influential annual comprehensive youth science competitions. It encompasses fields such as physics, chemistry, biology, and earth science. It guides participants in transitioning from "acquiring knowledge" to "applying science," and from "understanding principles" to "solving real-world problems." Through challenge, it breaks disciplinary boundaries and cultivates scientific thinking and an innovative spirit.

2026 UK Cambridge CIE AS & A Level Chemistry Challenge Cup

Based on the core knowledge points and assessment criteria of the Cambridge CIE AS & A-Level Chemistry syllabus, 2026 AGEA Chemistry Challenge Cup provides a high-level academic practice platform for young students worldwide who dare to challenge themselves. It tests the comprehensive application of chemical principles and experimental analysis skills, engaging with a world-renowned system known for its rigor, structure and positioning participants on a global scale of chemistry competitiveness.
