Dear Parents/Guardians,

## MESSAGE BY PRINCIPAL FOR START OF TERM 3 2025

I trust the year so far has been purposeful for you and your child thus far. As we begin Semester 2, I write to share reflections and a renewed encouragement for all of us to align as one school, through the rallying theme for the year: **“Be The Change From Inside Out.”**

In today’s ever-shifting world, our young people are growing up in a time of immense complexity – socially, emotionally, and globally. Whether it’s disruptive technologies, uncertain socio-political realities or shifting societal norms, the world demands more than just adaptability. It calls for a grounded inner compass – character, conviction, and courage.

This is why our theme this year focuses first on inner transformation. Real and lasting change in the world must begin within – with each one of us learning to understand ourselves, manage ourselves, before we seek win-win relationships with those around us. This lies at the heart of our school vision: **A Community Where Learners Flourish.**

In leading Yuhua Secondary, I have consistently held firm to my belief – that education is not just about preparing students for exams, but preparing them for life. We must equip Yuhuans to rise above what I term the “I-C-U” challenges of our time:

1. **Individualism** – the pull to focus only on self,
2. **Change and Uncertainty** – the pressure of a fast-changing world, and
3. **Unhealthy Well-being Trends** – the risk of burnout, anxiety, and disconnection.

In Yuhua, we continue to nurture our students to stand firm against these, not by shielding them, but by strengthening them from within – cultivating empathy, perseverance, and purpose. This is why **Care, Connect, Contribute** pervades through all that we do, as the foundation for holistic development and 21st Century Competencies (21CCs). This is our model of Design Thinking, to build students up to be Changemakers of the world.

This inward-outward transformation is the **distinctive Yuhua DNA** – young people who are confident, compassionate, and committed to shaping a better future. To achieve this, it takes a strong partnership between home and school. Let us challenge and support our students in equal measure – encouraging them to step up, serve others, and show initiative. We believe in their potential to be **Changemakers** – active contributors who use their talents and learning for the greater good.

I invite you to celebrate with us the many moments of growth and achievement our students have experienced in the first half of the year. **Annex A** highlights some of their milestones. As we move into a busy and meaningful Semester 2 – I encourage every Yuhuan to keep growing, learning, and serving. Let’s be inspired to Be The Change From Inside Out – to design the school, lives and world we desire.

Below, you will find key Term 3 information for your attention:

## 1 Nurturing Flourishing Yuhuans Through Student Development

### 1.1 Value of the Term: Respect

For Term 3, our focus is on the value of **Respect** — showing regard for people, property, the environment, and oneself.

Here are some ways you can encourage your child/ward to practise respect:

- **Personal:** Demonstrating self-respect by dressing neatly, speaking courteously, and behaving appropriately. This also includes taking pride in personal grooming and showing responsibility through regular attendance and punctuality.
- **Social:** Showing respect for others by being considerate of how one's words and actions may affect the feelings, well-being, and environment of those around them.

Together, let's nurture a culture of respect in every aspect of their lives.

### 1.2 Keeping All Yuhuans Safe

#### Temperature-Taking Exercise

The school conducts regular temperature-taking exercises in the beginning of each semester, to signal the continued need for everyone to remain vigilant and to be socially responsible to stay away from school if he/she is feeling unwell. This will take place in Term 3 on **Wednesday, 9 July 2025**, and we seek your support in reminding your child/ward to bring their thermometer to school.

## 2 Nurturing Flourishing Yuhuans Through Teaching and Learning

### 2.1 Blended Learning for Semester 2

Home Based Learning (HBL) will take place from **15 July 2025** to **17 July 2025** in Semester 2, coinciding with the National Oral Examinations. All HBL activities are designed to be completed independently by students at home, and we seek your support to ensure your child/ward build self-directedness to learn well on HBL days.
